

Great Florida Birding and Wildlife Trail

GFBWT NOMINATION PACKET

LETTER OF ORGANIZATIONAL COMMITMENT

I, _____ (site manager/site owner), agree to an active partnership with the Florida Fish and Wildlife Conservation Commission's Wildlife Viewing Section if my site is selected for inclusion on the Great Florida Birding and Wildlife Trail.

Active partnership is defined as the following:

- Completing a brief yearly survey to confirm that the site's description in our online and print publications is up to date.
- Notifying the GFBWT Coordinator of any damage to GFBWT wayfinding signage, if applicable.
- Notifying the GFBWT Coordinator of any major site changes that would affect the visitor experience (e.g., trail closures, hurricane damage, changes in hours, new programming, new recreational opportunities, land acquisition).
- Advertising the site's status as a recognized GFBWT location in online and print materials.
- Notifying the GFBWT Coordinator of any changes in site management, providing accurate contact information for new staff, and informing the new manager of their responsibilities as a Trail partner.
